

Winter Parking

1. No overnight parking in front of the clubhouse.
2. If you are parked in your assigned spot parking during a snowstorm especially in the cluster driveway areas, please move your car to the southeast parking lot on Choke Cherry Lane. Driveways and sidewalks will be cleared first. After driveways are cleared, you may move your car back to your parking spot. The parking lot areas will be cleared second. Inability to clear your driveways not only affects you, but your neighbors.
3. If there is a car in your private parking spot during snow removal the plow will not plow that area.
4. Vehicles must not block or hinder sidewalk access or passage.
